EXPERIENCE

Trunk Club, Chicago, IL

Software Engineer, May 2016 - Present

- Work with a team of developers to create and maintain Trunk Club back-end services (service-oriented architecture using Ruby/Sinatra, ActiveRecord and Postgres) and front-end apps (React.js and Flux)
- Implemented custom deposit workflow for Trunk Club's point-of-sale system
- Started a continuing education program for junior engineers

Software Engineer Apprentice, November 2015 - May 2016

- Rotated between three Trunk Club teams, working on Ruby/Sinatra backend services and React.js/Flux front-end apps)
- Built out prototype for capturing stylists' handwritten notes, converting the handwriting to an SVG and writing the note remotely via plotting machine

Codecademy, Remote

Advisor, August 2015 - December 2016

- Work with students learning how to write code on the Codecademy platform
- Provide guidance for students in HTML, CSS, JavaScript, jQuery, Ruby on Rails and Angular.js

The Northern Trust Company, Chicago, IL

ETF Product Management, 2nd Vice President, Associate Product Manager, January 2013 - November 2015

- Act as the main point of contact for internal and external technical, operational, marketing, legal and compliance groups
- Automated daily, weekly, and monthly reports saving 30 hours annually

ETF Operations, Officer, Senior Analyst, May 2011 - December 2012

- Used formal project management techniques to scope, plan, and implement projects

Income Support/Corporate Actions, Analyst, May 2008 - May 2011

- Automated tasks by implementing macros to compare and format large volumes of data

SKILLS & PROJECTS

- C++ - Stanford CS106 B coursework: <https://github.com/jessefurmanek/Programming-Abstractions>
- JavaScript/D3.js/Python- Mapped Divvy bikeshare program trips by neighborhood using Python to sort data and D3.js to overlay data on to a Google Map
- Cisco Internet of Things Hackathon: My team and I developed a proof of concept system to improve passenger boarding efficiency on Chicago public transportation. We placed 3rd out of 15 teams competing.
